All wedding packages include the following features:

- Filmed with Professional broadcast-quality 3-chip video cameras
- Additional lighting setup as needed
- Use of wireless microphones for exceptional audio
- Professional Broadcast-quality editing, including titles, lower thirds, transitions and music
- Professionally authored DVD menus and covers
- DVD case with a graphical cover

All of our wedding packages cover your entire wedding event. We capture all of your special wedding day moments from the start to the end. Our three Wedding Video Packages are designed to allow you to purchase more coverage of your wedding.

Typically we deliver approximately 45 minutes up to 2 hours of wedding coverage. The more coverage you purchase the more DVD's and edited video we return.
